OUR JOURNEY

A ROAD-MAP

We had a humble beginning in 1976. We took up distribution of various brands, one of which was GPI, which we still continue to service.

1

The first major breakthrough came in the year 1983 when we started our association with Amul (GCMMF). It opened doors for a lot of opportunities as we gained experience and expertise as C&FA

2

The next few years saw our association with top brands like GM pens, Bajaj, Jyothy labs (Henkel), Hershey's. We simultaneously worked towards expanding our infrastructure and fleet

3

2001 to 2010 saw Laxmi Logistics transform into one of the major C&FA houses in the state as we got associated with companies like Parle Argo, Ferrero, Indo Nissin, Tata Batteries among many others

4

The last few years saw major expansion as we diversified into various industries like automotives, lifestyle, stationery, consumer durables.

6

We further developed state of the art warehouses, increased our fleet, hired quality man power, invested in IT and worked towards making the organisation a very seamless interface for the stakeholders

5

THE ROAD AHEAD

IT'S BEEN A LONG JOURNEY SINCE THE INCEPTION BUT WE STILL FEEL THERE'S A LONG WAY TO GO.

We plan to further develop our infrastructure. The construction of the ambitious project of a 2,00,000 square feet logistics park has already started and will be ready in the next few months

We plan to diversify across industries and geographies to help fuel our expansion plans

Hiring skilled and professional manpower so that the clients get the highest standard of services and operations are smooth

Improvising in IT and developing an ecosystem which is credible, transparent and seamless
